Someone you care for
has been thinking ahead

You may have been given this to read by someone close to you. Find out why.

Few of us enjoy discussing, or even thinking about, the day when we're no longer around. However, more and more people are now coming to realise that planning - and paying for - their funeral arrangements in advance makes perfect sense.

That's why someone close to you is choosing a FROM50 Funeral Plan from Golden Leaves, one of Europe's largest providers. They're not only thinking about themselves but also about you.

They want to relieve you of the worry and financial burden associated with making funeral arrangements at an already stressful time. So please spend a little time to read the following information. It will help you understand why they are making this important decision.

Why plan in advance?

Funeral costs can often cause financial strain on the family. Choosing to cover these costs in advance is the practical solution. A FROM50 pre-paid plan from Golden Leaves means that payments made at today's prices have the effect of freezing a funeral director's charges for years ahead. In short, it's a money-saving and inflation-beating way to fund a funeral, offering many advantages over conventional savings plans.

We should all want to spare our loved ones the dilemma of trying to decide what kind of funeral they think we'd want. One of the best ways of removing any uncertainty is to choose a plan that allows us to specify funeral arrangements that follow our wishes. That's exactly what a FROM50 plan from Golden Leaves is designed to do.

A thoughtful and responsible approach

Not only is a FROM50 Funeral Plan simple and affordable, it also shows how much your loved one cares. Because they're committed to removing the financial and emotional burden of planning a funeral, they're providing you with peace of mind, certainty and security. Maybe you'll consider doing the same for your family one day soon.

Taking care of everything

A FROM50 plan has many advantages:

- ✓ Your loved one has the freedom to tailor their FROM50 plan to suit their needs. It may be a straightforward plan that covers all the basics, an all-inclusive premium package or one that's totally unique.
- ✓ It enables the individual to specify, in advance, the funeral they want. This includes the choice of music to be played and whether they'd prefer charity donations rather than floral tributes, for example.
- ✓ Family and friends will still have the freedom to add specific services or personal tributes of their choice when the time comes. The funeral director will be happy to discuss and arrange these.

- ✓ By paying in advance, the funeral director's charges fixed at today's prices. This means that the family won't face any extra or unexpected costs.

Protection means peace of mind

- ✓ All payments made for a FROM50 plan are deposited into the Golden Leaves Trust or into an FCA regulated Insurance Product. It's therefore managed independently and securely.
- ✓ Golden Leaves is a founder member of the National Association for Pre-paid Funeral Plans and registered with the Funeral Planning Authority (FPA). This means that the marketing, financial and service provisions of the plan are carefully regulated and monitored.
- ✓ Golden Leaves works in association with independent funeral directors throughout the country who offer a wide choice of services and excellent value in delivering your Golden Leaves funeral.

Thousands of people have taken advantage of a FROM50 plan from Golden Leaves to beat the rising costs of UK funerals.

Ensuring the planning and costs involved in arranging a funeral are covered in advance is one of the most thoughtful legacies we can leave our loved ones.
